Yes, I want to get my dream started by creating a truly unique custom toy "Made The Way I Imagine" ...now ! Please sign me up for my chosen Service Level and get one of your expert Project Managers assigned to my account.

Service Levels (choose one only)

Ultimate Package Payment Plan

Get me started with the Ultimate Package payment plan, and charge my credit card with just \$750 a month for four months to invest in the top Service Level you offer. I understand that this is a \$9,423 US value, and that I get everything included in the package and there are no other charges after the four payments, unless I purchase upgrades.

Ultimate Package

I am excited to get started with the Ultimate Package, and charge my credit card the \$2,900 investment for the top Service Level you offer. I understand that this is a \$9,423 US value, and that I get everything included in the package and there are no other charges after the one payment, unless I purchase upgrades.

Basic Startup

I am excited to get started with everything included in the Basic Startup package with an investment of \$750 US. I understand that you will help me with my ideas, helping me pick colors, choose materials to get the look I want. Value is \$ 3,343 US for only \$750 US.

Corporate and Resellers

I have a good team of artists who can supply you with Pantone colors, and Plush Ready artwork. I understand that I am responsible for providing all the Pantone colors and material choices, and I am pretty much on my own, when trying to show you the changes I want to the prototype. This is an investment of \$300.

Extras (optional)

Second Design - \$600

(optional) I have two different designs so I want to add a second design on to my chosen Service Levels above.

Three Designs - \$1,200

(optional)(2 x \$600)
I have three different designs so I want to add a third design on to my chosen Service Levels above.

Sound - \$200 (optional)

I want my toy to have sound included and I have reviewed the details carefully dealing with sound in toys.

Yes, I understand I get everything below with each Service Level! A High Quality Prototype Sample
